Comment:

A recent notice from the Hatchet Ranch HOA was the first we had heard of this project. We have invested in a well and electricity on our land and plan to build a retirement home. It now lies right in the middle of the alternative corridor shown on map 10 with the alternative route right across the road from our driveway entrance. Obviously, we feel the railroad tracks are a better option. Since we do not yet live in the area, we feel blindsided by this news as we knew nothing about the meetings. Our investment is in danger and we doubt that we would be compensated fairly for the improvements we have put into the land. Dave and Ann Adams - Phase II, Lot 50, Hatchet Ranch
